NSW Government Action plan

10 point commitment to the construction sector

What?

Recognise that NSW Government can only achieve its infrastructure objectives in partnership with the private sector, and this depends on healthy ongoing competition between a capable field of construction firms, sub-contractors and the industry supply chain – not just now but for years to come.

Where to?

CLG are developing an implementation plan for each of the 10 commitments.

10 Point Commitment

Commitments around collaboration, risk allocation and standardisation

Procure and manage projects in a more collaborative way

Adopt partnership-based approaches to risk allocation

Standardise contracts and procurement methods

10 Point Commitment

Commitments around transparency, bid cost reduction and bid cost policy

Develop and promote a transparent pipeline of projects

Reduce the cost of bidding

Establish a consistent NSW Government policy on bid cost contributions

10 Point Commitment

Commitments around performance evaluation, skills improvement, payment and diversity

Monitor and reward
high performance

Improve skills and
training

Improve the security
and timeliness of
contract payments

Increase industry
diversity
